Tool Description

Miro is a tool that blends aspects of several different categories of software into one. Itâ??s part diagramming and flowchart software and part presentation app. Itâ??s also part mind mapping and video conferencing too! Itâ??s benefit as a Digital Social Impact course planning tool is that everything about it is collaborative, making it a great tool for co-creating your Digital Social Impact Course. You can use it to draw an idea or create a slideshow, either by yourself or with others editing simultaneously.
